Telos Risk Management & Insurance Broking Services (P) Limited

Integrated management of risk, offering composite solutions pertaining to Insurance, Safety, Environment and Quality Management

Telos is a company promoted by the erstwhile core team of Tata AIG Risk Management Services Ltd., and is providing comprehensive risk management services. Telos' objective is to assist organisations in effective management of "pure" risks by means of a total solutions approach in key areas of Insurance, Safety, Environment and Quality.

Telos provides comprehensive consultancy services comprising risk identification, analysis, minimisation, mitigation, financing and transfer, all under one roof.

Areas of expertise and experience, enabling Telos to offer "pure" risk management solutions using multi-pronged approach

Effective risk management advice at Telos is by virtue of in-depth knowledge and hands-on experience in key areas of:

Insurance

Insurance Audit & Advisory Services, Claims Consultancy, Portfolio Management, Develop Innovative Covers, Liability Exposures Assessment, Project Insurance, Valuation, Risk Surveys and Warranty Scheme facilitation.

Safety

Safety Audit, Consequence Analysis, Risk Assessment, Preliminary Hazard Analysis, HAZOP Study, Safety Report, Fire Detection & Protection System, Electrical Safety Audit, On-site & Off-site Disaster Management Plan and Occupational Health & Safety Management System in line with OHSAS 18001.

Environment

Environmental Impact Assessment, Environmental Audit, Environmental Due Diligence Audit, Environmental Management System in line with ISO 14001, Environmental Training, Environmental Planning & Management, Waste Minimisation & Pollution Prevention, Environmental Reporting, Product Stewardship & Social Accountability Management System in line with SA 8000.

Quality

Quality Management System (QMS) in line with ISO 9000:2000.

Telos Risk Management & Insurance Broking Services (P) Limited

All resources are honed to diamond finish for focusing on objectives without any convolutions

Our personnel are our strength and represent wide spectrum of disciplines namely Engineering, Law, Safety, Environment and Finance. Our technical team comprises engineers from various streams, who have hands-on experience in diverse industrial sectors. Continual training helps us to keep abreast of latest upgradations in technologies and practices in a rapidly changing scenario.

Knowledge and application of internationally accepted codes and best practices together with use of software enable us to hone our abilities to razor sharpness.

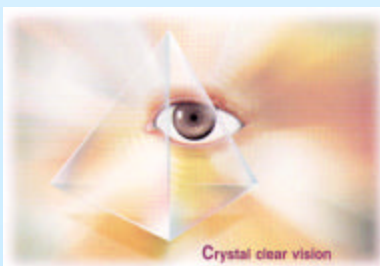

Our databases, software and hardware, are constantly upgraded keeping in mind the evolving and dynamic nature of risk management. To keep our skills razor sharp, we have regular interaction with top academic institutions. At Telos, effective Risk Management is thus a multi-disciplinary and composite team effort.

Best of pioneering ideas, which have withstood the storm and sand of time

Telos' personnel have the capability of providing innovative solutions for even the most complex and challenging assignments considering the vast wealth of technical expertise and experience of Telos personnel gathered over number of years.

The goal is clear; vision is sharp and focussed to achieve the end result

Telos' personnel have the expertise and experience to spot even the smallest hidden risks - the single quality essential to effective Risk Management.

Telos' personnel possess the 'eagle eye' for such details. After all, every small spark has the potential to become a conflagration!

Risk Management
is a
"Complex Business"
let the professionals
handle it
